

FROST

# NOVA 2

KITCHEN · BATHROOM & WARDROBE SYSTEM

Design by Bønnelycke mdd

## FROST: PURE DANISH DESIGN

Our vision and focus is to provide a "Complete Interior Line" of elements which evoke "Inspiration Through Design".

We provide a unique approach to solving age-old questions, as well as constantly seeking new ways to fill the ever-changing niches due to advances in technology and everyday lifestyles.

Our line has passion and commitment to improving the everyday life of its audience through our signature way of creating function with style.

Our Danish Design Culture is conveyed through our own unique style and approach which blends function with design and approaches solutions with creativity.

FROST wholly embraces the concept that function is nothing without truth in form.

At FROST, we strive for excellence in creating innovative concepts, developing pure design which is executed via techniques that produce high quality "Interior Design Solutions"...

## NOVA 2 SERIES

Kitchen, bathroom & wardrobe accessories.

Consistent details such as the shadow edge between the mounting surface  
and the product compliments the discreet and complete series.

All elements are interpretations of the meeting between the stringent form and the cylindrical form - this is quite  
apparent on the hooks for the system.

The NOVA2 series is designed by Bønnelycke mdd.

## BØNNELYCKE MDD

Bønnelycke mdd was established in 1988. Driven by an unsuppressable urge to work constructively and innovatively,

Henrik Bønnelycke started his career with the design of lamps, furniture and interior decorating.

Quickly, he became known as an unconventional architect with no whims and fancies.

His ability to challenge and optimize the manufacturing process itself is to be found in Henrik's original professional background as a toolmaker.

"It could be fun" and "of course it can be done" - are phrases often used in his company.

This has resulted in a comprehensive portfolio of projects and designs - spectacle frame design, racing boats, lighting, furniture and buildings to name a few - several of them award winning and patented designs.

Bønnelycke mdd is truly a multi disciplinary design company with both national and international experience.

They are perfectionists with professional curiosity, and provide a wide variety of design disciplines encompassing architecture and interior design, furniture design and product design to communication assignments, graphic design and web design.

At Bønnelycke mdd they do not design for the sake of it.

They believe that design does not hold any values per se. To Bønnelycke, the value of a design emerges when a product has relevance and when it is purchased, used and appreciated - this is why they design.

In Bønnelycke's own words:

"We are comitted to providing our clients with what they pay for - which is their own design !"
